By Car: Follow the inner ring road to the intersection with the A459/A4123, and turn left into Snow Hill. It is not possible to turn right into Snow Hill from the ring road. If travelling along the A459 or A4123 go straight on at the ring road into Snow Hill. From Snow Hill take the first left into Temple Street (one way) and then take the second left into Bond Street. At the top of the street turn left and follow the one way system around the corner. The next left is George Street. You will see our building on the corner in front of you.

Parking: There is on-street pay and display parking outside the office.

By Train and Bus: From the station take Railway Drive, walk through the covered archway on Lichfield Street next to Wolverhampton Bus Station. Bear right in front of the Britannia Hotel and continue along Lichfield Street. Take the first left turn off Lichfield Street into Princess Street and go straight on along Princess Street/Market Street passing Marks & Spencer on your right hand side and the Police Station on your left. Continue on this road, passing Oceana (again on your left) and then cross the road to Wolverhampton Library. Cross over St. George Parade, pass Wilkinsons on your left and continue walking up Snow Hill. When nearing the top of the road cross over towards St. Johns Church and walk down George Street. Our reception is at the end of George Street opposite the church on left.

Nearest Motorways: M6 and M54.
